EDUCATION

University of Waterloo

Bachelor of Math, Finance Specialization: MATH 145, 146 and CS 146 (Advanced)

Waterloo, ON

Sep. 2026 – Present

Turner Fenton Secondary School

International Baccalaureate Diploma Program

Brampton, ON

Sep. 2022 – June 2026

CERTIFICATIONS

CS50's Introduction to Computer Programming

Harvard CS50

Cambridge, Massachusetts

Sep. 2025 – Jan. 2026

CS50's Introduction to Programming with Python

Harvard CS50

Cambridge, Massachusetts

Sep. 2025 – April 2026

EXPERIENCE

DJ (Instagram: @dj.abishan)

Independent

Oct. 2023 – Oct. 2025

GTA, ON

- Managed full operational aspects of live performances for audiences up to 800+ attendees, demonstrating strong client relationship management and negotiation skills.
- Developed pricing structures and promotion strategies to drive event success, showcasing analytical thinking and performance-driven results.

Photographer and Videographer (Instagram: @abi.flicks)

Independent

Jul. 2022 – Aug. 2025

GTA, ON

- Produced high-quality commercial and event-based media independently, demonstrating self-directed learning and technical adaptability in visual communications.
- Selected as official photographer and videographer for SpurHacks, one of Canada's largest hackathons, contributing to a collaborative team environment focused on performance and excellence.

PROJECTS

rental suite | *Python, Playwright, Ollama, Qwen, Pydantic, asyncio*

Feb. 2026 – April 2026

- Engineered a multi-platform automation pipeline using Python and Playwright to handle concurrent operations across marketplaces, demonstrating rigorous data analysis capabilities.
- Integrated local LLMs via Ollama to dynamically generate optimized listing titles and descriptions verified through Pydantic data validation structures, ensuring high-quality output.

Aise | *Python, Django, Django REST Framework, SQLite, Ollama, HTML/CSS*

May 2026 – June 2026

- Accomplished a 4x reduction in event creation friction by engineering a custom Django web application that replaced multi-field inputs with efficient conversational interfaces.
- Developed RESTful CRUD endpoints and an asynchronous processing pipeline utilizing local LLM extraction alongside Python heuristic fallbacks to ensure reliable data parsing.

TeaTime | *JA Company Program, Excel, Public Speaking, Pitching, Social Media Marketing*

Oct. 2023 – April 2024

- Co-founded a consumer goods brand specializing in curated international tea boxes, managing the full product lifecycle from sourcing to sale through strategic planning.
- Spearheaded financial strategy including pricing models and cost analysis, contributing to a fully sold-out initial product batch within one week by analyzing market dynamics.

TECHNICAL SKILLS

Languages: C, Python, SQL, HTML, CSS, JavaScript

Frameworks: React, Flask, FastAPI

Developer Tools: Git, Docker, Ollama, Twilio

Libraries: numpy, pandas, ollama, google-genai
